RONEY

P A L A C E

Dear Owners,

In an effort to maintain control of the pet dog(s) in the property, a system along with new tags was implemented on April 15, 2011. This process helps security identify the status of pets and the right of the resident to have the pet on property.

All pet dogs that meet Association requirement, but are not service dogs, will be issued a blue numbered tag. The Association documents allow for up to three pets not to exceed in total weight 25lbs at maturity. A Pet Registration Form will need to be filled out (or updated if we have one for your pet already on file).

All qualified service dogs will be issued a red numbered tag. A Medical Certification Form, available from the Management Office, must be completed by a medical professional under penalty of law for false statements (Florida Commission on Human Relations Medical Certification).

The new tags will cost the person registering the pet \$10.00 to absorb the registration and tag expense. For those residents that we have on file that have given a deposit for the previous tag, this will be accepted as payment.

ALL pet/service dogs must be reregistered at this time and will be required to wear the new tags at all times on the Property.

While the Roney is a pet friendly building, it is important that the rules be followed. To allow loose enforcement would create many issues that I have seen in other buildings that we do not want to be forced to deal with. Please be conscious of your neighbor's rights with regards to your pet(s).

The Receiving Department opens for deliveries and package pickup daily to ensure that the needs of all residents, guests, departments and partners are met with speedy service, accurate distribution and professionalism. The hours of operations are strictly enforced as to provide a high level of security to one of the largest entrances with a high potential for loss and theft. Any use of the loading dock and receiving entrance must be monitored by receiving personnel at all times. Any use of the loading dock and receiving entrance after hours must be approved prior to the use and must be monitored by security personnel. Unauthorized use will not be tolerated my result in disciplinary action being taken to the parties involved. The Monday thru Friday hours of operation are from 8:30 a.m. to 4:30 p.m.

Roney Policies:

Hours of Operations:

- The hours available to Roney residents to schedule deliveries and provide access to contractors are Monday thru Friday 8:30 a.m. – 5p.m. Please be advised that no delivery will be allowed to start after 4:30 p.m. and contractors found in the building after 5:00 p.m. will be denied access the following day.

Deliveries:

- All residents have right to have delivered anything approved by the association. All deliveries need to be scheduled and must be scheduled a minimum of 48 hours prior to delivery.
- All unscheduled deliveries will be turned away no exceptions. Any delivery person who becomes disorderly or shows up without the proper equipment to make the delivery will void the reservation and will not be allowed to deliver for a minimum of 48 hours.
- Upon arrival all persons assisting in the delivery must present a valid ID to receiving; receiving will create a temporary ID for the visitor which will allow them access to the hallways and unit in which they are delivering to. Any delivery personnel found in an area they are not permitted to be in will be escorted off the property immediately. Upon completion of the delivery receiving will exchange the temporary ID for the original.

Contractors:

- All owners have the right to renovate their units with the approval of the association. Approval may take more than 48 hours so a week notice would be advised. The following process must be followed for a unit owner to schedule a renovation:
- All owners must seek the approval of the association with the “Architectural Modification Form” and provide the Association with all information to include the company who will be performing the work, the company’s license and proof of insurance, worker’s compensation plan, a list of the company’s employees who will be entering the building and for how long they will require access.
- All contractors are required to schedule all use of the loading dock and elevator to bring in or out any equipment needed for the renovation. Any unscheduled use will be denied and may result in loss of entry privileges for the day. In addition, all contractors are required to cover the carpet in the hallways whenever transporting debris or materials to or from a unit.
- All owners must submit a refundable \$1,000 (one thousand dollar) check deposit made out to Roney Palace Condo. The deposit is for the protection of the hallways and elevators and to ensure adherence to the times constraints given to the delivery. Deductions will be made from the deposit for any damages and overtime charges at the discretion of the Association. The check must be in possession of the Roney Palace Association 48 hours prior to the arrival of the contractor. No check will be accepted the day of the arrival. All checks must be picked up after the work has been completed by the person who wrote the check.

Move In/Out:

All owners have the right to rent out their units with the authorization and approval of the association. A renter is responsible for making all necessary reservations and deposits prior to moving in and should be notified by the management office of all such procedures. The procedures for move in/out are as follows.

All renters must submit a refundable \$500 (five hundred dollars) check deposit made out to Roney Palace Condo. The deposit is for the protection of the hallways and elevators and to ensure adherence to the times constraints given to the move in/out. Deductions will be made from the deposit for any damages and overtime charges at the discretion of the Association. The check must be in possession of the Roney Palace Association management office 48 hours prior to the move in/out. Because a renter moving out can simply cancel a check when they move out and leave damages unpaid all renters who will be moving out will be required to submit their deposits in the form of a cashier’s check or money order. All check must be picked up after the move has been completed by the person who wrote the check.

Package Pickup:

Receiving has the responsibility of logging in and keeping track of all packages received for and distributed to guests. When a FEDEX, UPS or DHL driver comes to the building they are to first make an attempt to delivering the packages to the actual unit. If a unit owner is not available the courier is required to place a tag on the door that they were there to deliver a package and the package can be picked up at a later time at the receiving office. All packages which are delivered to the receiving office are to be logged into the database known as the "Delivery Tracking Chart". All pertinent information is to be recorded including the carrier, date, time, number of packages, resident's name, tracking number and whether or not they have received the notice that a package has been delivered. Once the resident has received and signed for the package receiving must mark down in the system not only that it has been distributed but who it was given to and when it was given to them. All of this information is absolutely necessary to prevent loss and thefts of packages.

Parking:

Parking in the loading dock is strictly prohibited, with the exception of two areas controlled by the receiving and are for the following uses.

This is a highly unsanitary practice and is reason for disciplinary action. Any and every time this occurs the security footage will be reviewed and the parties responsible will be reported to all levels of management.
