THE ISLES AT WELLINGTON HOMEOWNERS ASSOCIATION, INC.

NEW OWNER APPLICATION

INSTRUCTIONS:

I. When a change in occupancy is expected, the new resident must submit this application along with:
   a. A $1,000.00 non-refundable check made payable to "The Isles HOA".
   b. A copy of the new homeowners closing statement and warranty deed signed by seller and buyer.

2. A bar code is required for entry through the "Residents" gate. Please bring your Vehicle Registration to the Clubhouse to obtain a bar code at no cost to the homeowner. This will be issued once all completed paperwork and application fee has been received. Homeowners can purchase guest barcodes for a cost of $50 per year, per guest.

3. To add permanent/temporary guests or vendors each resident must:
   a. Create a new account on the Gate Sentry smartphone app or website.
   b. Enter an email address, password, and auto-generated personal access code provided by the HOA.

4. Upon registration at the clubhouse, you will be issued a FOB for access to the clubhouse and pool area. Only one FOB per resident over the age of 16 years old. In the event of a FOB being lost there is a $10.00 replacement fee.

5. To activate your alarm system please call ADT at 1-800-878-7806, then complete and submit a permit and payment to Palm Beach Sheriff's Office (included in application packet). This can also be completed online.

Please bring this form to the Clubhouse Office

WAIVER, RELEASE OF LIABILITY AND ASSUMPTION OF THE RISKS

TO BE COMPLETED AND SIGNED BY EVERY MEMBER AND GUEST USING FACILITY

DISCLAIMER: **THE ASSOCIATION IS NOT RESPONSIBLE FOR ANY INJURY, INCLUDING DEATH, OR LOSS OF PROPERTY TO ANY PERSON SUFFERED WHILE ON THE PREMISES OR PARTICIPATING IN THE USE OF THE CLUB AND ITS FACILITIES FOR ANY REASON INCLUDING BUT NOT LIMITED TO THE UTILIZATION OF ANY EQUIPMENT OR THE PLAYING, PRACTICING OR SPECTATING OF ANY ACTIVITY OCCURRING IN OR ABOUT THE CLUB PREMISES.**

In consideration of my participation in and the use of the Association's facilities I hereby release and covenant not to sue the Association, its members, shareholders, directors, officers, employees, representatives, agents and lessees from any and all present and future claims resulting from ordinary negligence and inherent risk of use of the facilities and equipment of the Association including but not limited to any loss, injury, damage or liability sustained by me while on or about the premises of the Association.

I am fully aware and understand that the Association does not have on or about the Association's Premises, or employ or contract with any medical services, provisions for ordinary or emergency medical services including but not limited to emergency cardiovascular assistance.

I am also fully aware and understand that such losses, injury, disability or death may result from the actions, inactions or negligence on my part, on the part of the Association, on the part of others, the rules of play, or the condition of the Association's premises and equipment.

I agree that immediately prior to participating in any activity occurring in or about the Association's facilities I will inspect the facilities and equipment to be used and if any defect is apparent I will not use the facility or equipment and I will notify the management of the Association of the defect.

I further agree that if I am not knowledgeable in the proper use of any of the Association's facilities or equipment I will obtain proper instruction for the correct use of such facility or equipment from a qualified individual before I will use the facility or equipment.

I further agree to defend, indemnify, and hold harmless the Association, and its members, shareholders, directors, officers, employees, management companies, representatives, agents, and lessees for any and all claims, liabilities, damages, cost, penalties, fines, fees, losses, suits, demands, cause of action, judgments, obligations, and expenses, including but not limited to reasonable attorneys' fees and associated costs (whether incurred pre-trial, at trial, mediation or at arbitration and/or in connection with any appeals) arising from or related in any way to my involvement in and/or receiving instruction for the use of the Association's facilities incidental thereto wherever, whenever, and however the claims may arise including but not limited to travel to and from the Association's or related activity site and participation at remote sites.

I assume all the foregoing risks and accept personal responsibility for any damages and loss following any loss of property, injury, permanent disability or death resulting therefrom.

I HAVE READ AND FULLY UNDERSTAND THE ABOVE WAIVER, RELEASE AND ASSUMPTION OF RISK AND FULLY UNDERSTAND THAT I HAVE GIVEN UP SUBSTANTIAL RIGHTS BY SIGNING THIS WAIVER, RELEASE AND ASSUMPTION OF RISK AND SIGN IT VOLUNTARILY.

Any person under the age of 18 years must have a parent or guardian co-sign this form.

fision HOME

Congratulations and welcome to your new home!

Hotwire Communications is thrilled to provide communications and in-home entertainment services to your community. Our knowledgeable Customer Care Team is here to make this as easy as possible.

To help you select the right set of services, we will ask questions like:

- How many TVs do you have in your home?
- Do you have favorite TV channels that you cannot live without?
- Do you have a home telephone number that you will be porting to us?
- Are you an enthusiastic Internet user for activities like gaming or streaming?

It would be helpful if you think about the services you currently enjoy so we can make sure you get exactly what you need. When you are ready to create your new account,

please give us a call: 800.355.5668.

Community Association Program

Congratulations on Your New Home!

Dear Valued Resident of the Isles at Wellington,

As an added benefit of purchasing your beautiful new home in the Isles at Wellington, your community association has chosen ADT Security Services to provide you with quality electronic security services to protect you, your family and property. ADT is your premier security services provider. You receive the highest level of customer care and service from our **Community Association Team** and are monitored 24/7 from our state-of-the-art monitoring center by our own employees who are highly-trained security professionals.

Please contact us at 800-878-7806 to activate your service and establish your personal profile with contact numbers and password at your earliest convenience. At that time, we will be happy to answer any questions about your security system and make you aware of enhancements available to customize your system to meet your personal needs. We offer life-safety devices like monitored smoke and carbon monoxide detectors and motion, glass break and flood detectors for interior protection. We also offer **Pulse®** interactive services that let you control your system remotely and can include video and home automation devices. There is a nominal fee of $59 for a service call for the connection, programming of your new codes, and instruction on how to use your system. Please remember to call us as soon as possible.

We encourage you to regularly use and test your security system to protect your family, home and personal property. In addition to providing you with peace of mind, a monitored security system can save you up to 20% on your homeowner's insurance. Ask your insurance agent for details.

Service including parts and labor for normal wear and tear during normal business hours is included (excluding window screens and acts of God or nature). Batteries are excluded but labor to replace batteries is included. Please call us at **800-878-7806** when you need to schedule service. Our technicians are our own security professionals who are background checked, drug-tested, and carrying ADT identification to give you peace of mind in those entering your home.

If you do not have a telephone land line, you may purchase a Safewatch CellGuard from ADT as a means of communication for your system. Use of this system is less expensive than maintaining a land line. The Safewatch CellGuard may also be used as a back up to your land line in case your line is cut. Once your connection to ADT Security is established, you may visit our secure website anytime to view your alarm activity and update your contact information at **www.MyADT.com**.

The Palm Beach County Sheriff's Office (PBSO) requires that all users of monitored alarm systems obtain a Burglar Alarm Permit. You may register online at https://alarms.pbso.org/. For assistance completing the online form, please call the PBSO Alarms Unit at 561-688-3695. When PBSO completes your registration they will provide you with a User's Permit Number. Please call ADT to provide us with this permit number as soon as you receive it. Failure to have a Burglar Alarm Permit may result in a fine from PBSO.

Important telephone numbers are included for your convenience. Please use these numbers to contact us at any time. At ADT Community Association Program, we will always work to exceed your expectations. We take great pride in our caring attitude and commitment to service and look forward to establishing a long and meaningful relationship with you. Again, congratulations on your new home!

Sincerely,

Your Community Association Team

Community Association Program

IMPORTANT NOTICE

October 19, 2017

Name
Address
City, State, Zip

Dear Valued Resident of Isles at Wellington,

ADT is pleased to have been selected to continue providing the Isles at Wellington Community with security monitoring services. This security monitoring service is provided to you through your Association and is another benefit of living in beautiful Isles at Wellington. ADT will continue to provide the highest level of customer care and service from our Community Association Team with systems monitored 24/7 from our own state-of-the-art ADT monitoring center.

As a further benefit to the Owners, your Isles Association and ADT have restructured our agreement to include an upgrade of your security system, in addition to the monitoring services that you currently receive. ADT will install a new ADT Safewatch Pro 3000 security system in each residence to replace the existing system. The new security monitoring system will include a new control panel along with a long life standby battery, up to three Fixed English keypads to replace existing wired keypads, a RF receiver (makes it possible for your system to receive signals from wireless devices), and one remote keyfob. This is a significant benefit to each Owner and we commend your Isles Board for their proactive approach to your security.

Step 1: Please call us at 800-878-7806 to schedule the installation of your new system.

There will be no interruption of service so you can schedule your upgrade when convenient for you. Installation will take approximately 3 hours. Please let us know if you have changes in your emergency contacts or phone numbers and provide us with your cell number when you call.

At the time of installation, we will test your existing security devices to ensure that they are working properly. We will connect the existing hardwired devices to the new equipment. We will remove all replaced security equipment at no charge to you.

Step 2: Decide now or decide later to add on new technology devices.

At an additional cost, your new system can be modified now or in the future to add new technology including the addition of wireless devices, additional keyfobs, smoke, heat, carbon monoxide, motion, glass break and flood detectors. Optional ADT Pulse® interactive services allow you to control your system remotely from a smart device and add cameras and numerous home automation devices. A list of customized services is enclosed.

~over~

If you don't have a telephone land line or voice over cable (i.e., Comcast XFinity, AT&T U-verse, Hotwire), ADT offers a Safewatch Cellguard Communicator for your security system's communication. Use of this communicator is less expensive than maintaining a telephone line. The Safewatch Cellguard Communicator may also be used as a backup in case your phone line is cut or your cable goes down (when using voice over cable). Please ask us for details.

If you would like to enhance your new system to include any of the customized services, we recommend you schedule the installation of additional devices (an additional cost) at the time of your system installation (when there is no added charge for labor to install wireless devices) to allow the time and equipment for your installation.

Step 3: Ensure you have a Burglar Alarm Permit

The Palm Beach County Sheriff's Office (PBSO) requires that all users of monitored alarm systems obtain a Burglar Alarm Permit. If you do not already have a permit, you may register online at **https://alarms.pbso.org**. For assistance completing the online form, please call the PBSO Alarms Unit at 561-688-3695. When PBSO completes your registration, they will provide you with a User's Permit Number. Please call ADT to provide us with this permit number as soon as you receive it. Failure to have a Burglar Alarm Permit may result in a fine from PBSO.

Step 4: At any time, call ADT for regular ongoing service

Service including parts and labor for normal wear and tear during normal business hours is included in your agreement. Please call when you need to schedule service. Our technicians are security professionals who are background checked, drug-tested, and carrying ADT identification to give you peace of mind in those entering your home.

We encourage you to regularly use and test your security system to protect your family, home and personal property. In addition to providing you with peace of mind, a monitored security system can save you up to 20% on your homeowner's insurance. Ask your insurance agent for details.

We, at ADT Community Association Program, will always work to exceed your expectations. We value our long and meaningful relationship and thank you for the privilege to serve you.

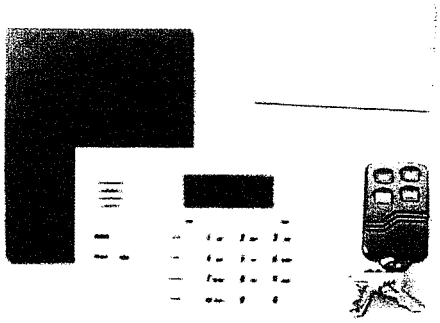

Sincerely,
Your Community Association Team

Community Association Program

ADT is pleased to provide you with a customized program to enhance the lifestyle of your home owners with state-of-the-art security. Residents of the Isles at Wellington will enjoy the peace of mind and convenience of their security system upgraded with a new control panel, keypad(s) with panic alarms for police and fire, and one keyfob programmed for arm, disarm, and panic.

Included in Upgrade

1 Safewatch Pro 3000 Control Panel
1 Hardwired Fixed English Keypad
up to 3 keypads if currently existing
upgrade to Deluxe Alpha for just $75 each
1 Remote Keyfob
1 Radio Frequency Receiver
1 Long-Life Standby Battery

The new systems can be customized at the time of installation or in the future. Wireless devices like motion, glassbreak, smoke and carbon monoxide detectors, door/window sensors, and keyfobs, are examples of devices that may be added to enhance your system.

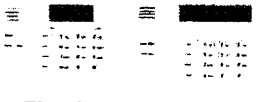

Call our ***Community Association Service Center*** at **(800) 878-7806**
Call for more information or to schedule your installation today!
No labor charge for installation of additional wireless devices at time of upgrade.

Community Association Program

CUSTOMIZED SERVICES
October 2017

ADT Security understands that what works for your neighbor may not be enough for you, so instead of offering only standardized pre-packaged equipment and services, we provide a variety of services and products that allow you to pick and choose your own personal level of security. Together with our knowledge and experience, this flexibility allows us to find the solution that's right for you and your family and your community. **Please let us know if interested in customized service options when scheduling your panel replacement.**

Fixed Alpha

ADT Safewatch Hardwired Keypad (each: $100.00 Fixed English, $175.00 Deluxe Alpha*)
Keypads provide complete control over the security system. The *Fixed English Keypad* displays messages in a large easy-to-read LCD window. The *Deluxe Alpha Keypad* displays zone name and messages (custom programmed for your home) in a large easy-to-read LCD window and also voice-annunciates system status and zone information. **Plus labor if new wiring needed.*

Color Graphic Touchscreen Keypad ($199.00 each)
Option to upgrade to touchscreen keypad with voice—White or Silver

Wireless Motion Detector ($100.00)
A monitored motion detector detects motion in the home and sends a signal to our monitoring center when the system is activated.

Wireless Glassbreak Detector ($100.00)
A monitored glass break detector determines when glass has been broken or cut based on frequency and sends a signal to our monitoring center.

Monitored Wireless Fire Protection ($100.00)
A monitored smoke or heat detector will work around the clock to help protect your family and belongings — even when your system is not armed.

Wireless Carbon Monoxide Protection ($100.00)
Will alert and help protect your home and family from the dangers of carbon monoxide poisoning 24/7 even if your system is not armed.

Wireless Door or Window Sensor ($50.00 each)
Designed to monitor doors, windows, cabinets, or virtually anything that opens.

Wireless Keyfob Remote ($65.00 each)
This wireless remote allows you to easily arm and disarm system and provides an extra level of convenience, comfort, and peace of mind.

Safewatch Cellguard ($199.00 + $10.00 per month)
If you do not have a landline, or if your home phone line is ever disabled, ADT's Safewatch Cellguard cellular system will provide primary or backup communication between your alarm system and our Monitoring Center with digital signal transmission.

ADT Pulse[SM] Interactive Services/Remote Access ($100.00 for i-Hub Router + $10.00/mo.)
Interactive Services with Remote System Access allows residents to control their security system (and more) using any web browser on a PC, smart phone or tablet as if they were standing in front of the keypad (requires internet provided by Owner).

Call our *Community Association Team* at (800) 878-7806

There is no labor charge for installation of wireless devices at the time of upgrade.

Pricing subject to change after 12/31/2017
