

To All Residents:

The **Club at Weston Hills** is a **Private Club**, and only **registered members** are permitted on the golf course during their scheduled tee times.

The **Board of Directors** has been informed by the General Manager of the Country Club about ongoing issues with residents trespassing on Club property. Whether you are a member or not, trespassing is strictly prohibited.

Neither **members nor non-members** are allowed to freely roam the Club's property. Recently, there has been an increase in residents walking or jogging on the course, using the cart paths, and bringing children or pets onto the premises. Please be advised that:

- The sand traps are not playgrounds for children.
- Golf courses are extremely dangerous, as golf balls can travel at speeds exceeding 90 mph.
- All areas of the Club's property, including cart paths, fairways, bunkers, and surrounding land, are **private property** and do **not** belong to the Weston Hills Homeowners Association.

Club members may only be on the course after checking in at the Club's pro shop and receiving assigned tee time.

To enforce this policy, the Club has hired **Broward Sheriff's officers** to monitor the course. **Anyone found trespassing will be escorted off the property immediately.**

We appreciate your cooperation in respecting these rules and ensuring the safety and integrity of the Club's facilities.

Thank you,

Rey Nunez
General Manager

On Behalf of the Board of Directors of Weston Hills
