IMPORTANT NOTICE TO SELLER AND BUYER

Florida law requires sellers of residential real estate to disclose to a buyer all known facts that materially affect the value or desirability of the property being sold that are not readily observable by, or known to, the buyer. This Disclosure Statement is designed to assist the seller in complying with those disclosure requirements and to assist Buyer in evaluating the Unit. The listing broker and buyer's broker and their respective representatives (collectively, "Brokers") will also rely upon this information when they evaluate, market, and present the Unit to prospective buyers.

This is a disclosure of Seller's knowledge of the conditions below as of the date signed by Seller and is not a substitute for any inspections or warranties that a buyer may wish to obtain. Except where expressly noted, the information below pertains to the Unit and not: (a) the property owned by the condominium association itself (the "Association") or (b) any general or limited common elements ((a) and (b) are collectively referred to as "Association Property"). Buyer agrees that the information contained below is not a warranty or representation of any kind by the Brokers (none of whom have made any independent verification of the information contained herein) and Buyer agrees not to rely on it as such. In addition, Association meeting notices, agendas, and minutes ("Meeting Information") may include important information such as the Association's financial condition, current and anticipated monthly fees, assessments, and capital contributions; rules, regulations, and penalties; and restrictions relating to issues such as pets, resales, rentals, modification of units, and parking. Florida law also contains a comprehensive set of statutory legal requirements applicable to condominium and cooperative buildings (including parking levels) that are 3 stories or more in height (a "Building") and 30 years of age (or 25 years if determined by local laws or regulations) that requires, among other things, (a) one or more structural inspections of the Building known as a "Milestone Inspection", and (b) a "Structural Integrity Reserve Study ("SIR Study")," which is a "study of the reserve funds required for future major repairs and replacement of the condominium property", that could lead to assessments or increased maintenance fees. The cost of the Milestone Inspection and SIR Study, increases in reserves, as well as any mandatory or voluntary work performed or to be performed, could result in special assessments and/or higher recurring maintenance fees or expenses for each unit owner. Prospective purchasers who have entered into a contract to purchase a condominium unit are entitled, at seller's expense, to copies of the completed inspector-prepared summary of the Milestone Inspection and the most recent SIR Study (or a statement that the SIR Study has not been completed). This Notice is not intended as legal advice or a complete description of any of the applicable laws.
